

OTICON | **Reveal**

Bringing you **closer** **to natural hearing**

The world's first hearing aid
with Dual AI technology

oticon
life-changing technology

Now you can get closer to a natural hearing experience

At Oticon, we believe that better hearing requires crystal-clear access to speech. But more than that, new scientific research shows that it's about hearing in a way where speech and surrounding sounds are presented in optimal balance – helping your brain make sense of sounds.

Your sound experience should feel natural, effortless, and meaningful. This helps you stay present, connected, and confident in everyday life. Because when hearing feels natural and right, the best version of you comes through.

That's exactly what the new Oticon Reveal™ is designed to do.

The Oticon Reveal experience

Oticon Reveal gives you a richer world of sounds.

Hear the people and places you love

Experience premium sound quality – all day, in real time, across all environments. That's because Oticon Reveal is powered by the world's leading combination of fast and precise Dual AI sound processing.

Our best-ever streaming experience

Connect your devices simply, discreetly, and comfortably – all while enjoying long range and great connection stability you can count on.

Discreet, yet packed with all-day power*

Reliable and long-lasting rechargeable batteries ensure you can count on power for the whole day. And the discreet design will blend in seamlessly with your style.

* Expected use time for rechargeable battery depends on use pattern, active feature set, hearing loss, sound environment, battery age and use of wireless accessories.

A photograph of three people (two women and one man) standing in a park-like setting, engaged in conversation. Overlaid on the image are colorful, wavy lines representing sound waves emanating from the people, symbolizing the hearing technology being advertised.

**Powered by the world's
first Dual AI system**

**Oticon
BrainHearing™
Technology**

Oticon Reveal Dual AI technology is designed to help you hear people clearly, while still ensuring you're aware of what's happening around you. By keeping voices and surrounding sounds in harmony, listening feels easier and more natural – whether you're talking with friends, enjoying a family gathering, or simply out in everyday life.

The new Speech AI helps you hear crystal-clear speech, while Context AI recognizes surrounding sounds – helping you hear what's going on around you all day.

Oticon Reveal with Dual AI technology gives you:

- Crystal-clear speech and the sounds around you, together in harmony
- A richer, more natural listening experience
- Less straining while listening, for more energy to do what you love

DID YOU KNOW?

You hear with your brain – not just your ears. Our technology supports your brain's natural way of making sense of sound. By giving you the perfect balance of speech and surrounding sounds, Oticon Reveal can help you stay focused and follow conversations more easily.

Stay connected, without limitations

Powered by a brand-new connectivity platform, Oticon Reveal gives you Oticon's best-ever streaming range and connection stability.* You'll be streaming music directly to your hearing aids from your iPhone®, iPad®, or Android™ device, and taking hands-free calls and virtual meetings.

Experience clearer streaming

The world's first Streaming comfort feature in Oticon Reveal automatically adjusts the level of background sounds – leaving you to simply enjoy your streaming experience.

Access Auracast™ broadcasts

Auracast broadcast technology lets you connect directly to sound systems in public spaces such as cinemas and airports, or at home on select newer TV models.

Experience seamless connectivity

Google's Fast Pair lets you instantly pair your hearing aids to Bluetooth® LE Audio-enabled Android devices.** No hassle, no waiting. Just tap, connect, and go.

** Only available with Android 15 or later

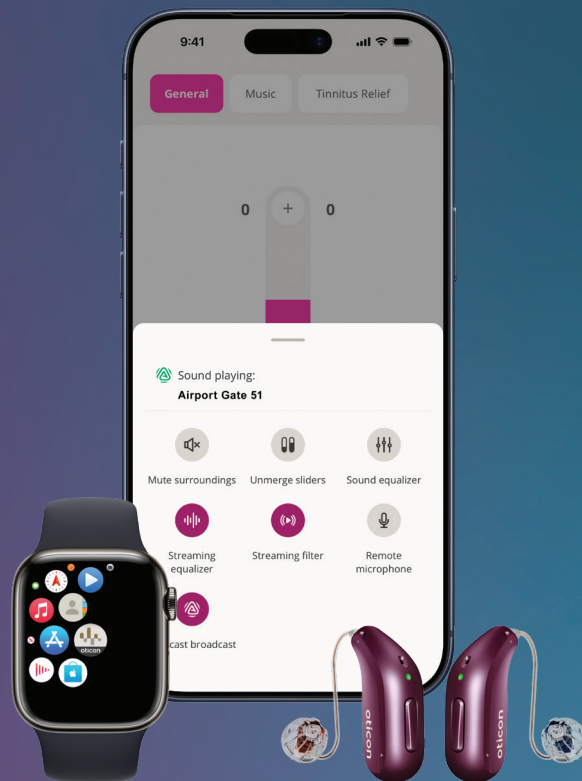

Discreet controls from anywhere

Easily control, customize, and care for your hearing – all from the easy-to-use Oticon Companion app.

With Oticon Companion, you can:

- Discreetly adjust the volume to suit your needs
- Personalize your hearing settings
- Find your hearing aids if misplaced
- Get in-app help for frequently asked questions
- Connect with your hearing care professional
- Connect to Auracast broadcasts directly
- Maintain the sound quality of your hearing aids by setting reminders for when it's time to replace the wax filters

**Power for the full day,
every day**

Oticon Reveal is ready to support you with powerful technology everywhere you go – without you needing to worry about running out of power. Simply place them in the Desk Charger or portable SmartCharger for one hour to give you another 16 hours of hearing power.*

* Expected use time for rechargeable battery depends on use pattern, active feature set, hearing loss, sound environment, battery age, and use of wireless accessories.

**Designed to be discreet.
Made to feel comfortable.**

Made to blend seamlessly into your life, Oticon Reveal is a discreet, lightweight, and comfortable hearing aid to wear all day. And with a variety of modern colors to match your hair or skin tone, you'll have a style that others will barely notice.
