Beltone
Boost Max S

Boost your world of sound
with super-small,
super-powerful hearing aids

For professionals

Beltone™

Powered by Intelligence Augmented™

Boost **hearing in noise**

Integrating our premium hearing-in-noise technologies into our newest Super Power hearing aids helps your clients thrive in the most challenging listening situations.

Boost **sound**

Enable better hearing with less effort using CrossLink Directionality 4, which uses real-time environmental information and stronger directional patterns to adapt to all situations.

90% preference for listening with CrossLink Directionality 4 over legacy for Super Power hearing aid users.[1]

Boost **clarity**

Clear Focus, our latest 4-mic beamforming technology, works to highlight speech and eliminate distractions, without cutting you off from the world.

93% preference for Beltone Boost™ Max S over legacy for people with severe to profound hearing loss.[1]

1. Jespersen & Skovlund (2025)

Boost **amplification**

Beltone Boost Max S has the world's best feedback management system[2] with Feedback Eraser 2 – delivering the fastest elimination of feedback without compromising on gain[2].

Boost **power**

The smallest rechargeable Super Power hearing aids[3] give all-day battery power and durability, without compromising on functionality.

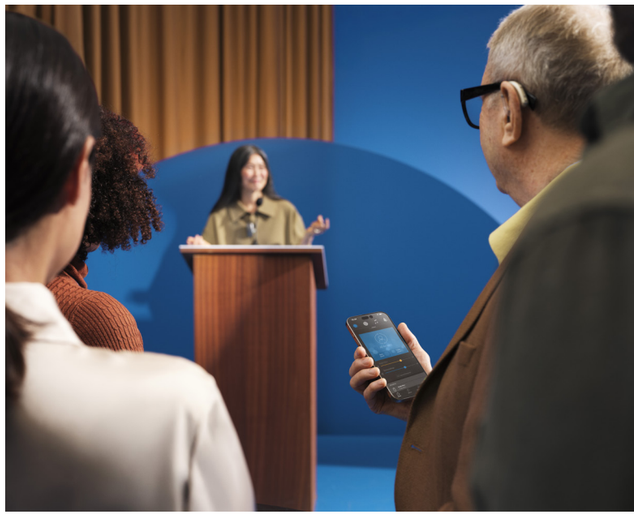

- 28 hours of use on one full charge and 20 hours when streaming 50% of the time[3]
- IP68-rated, all-weatherproof design with protective nanocoating on every single part
- Exchangeable mic filters that you can replace on the spot

Boost **connections**

Your clients can experience the clearest streamed sound and connect with Bluetooth® Low Energy (LE) Audio and Auracast™ broadcast audio[4] at home or in public spaces.

- Use the Auracast Assistant to select and hear Auracast streams with a simple tap in our app
- Pair to two smart devices at once with MultiConnect, for uninterrupted streaming
