Beltone **Illuminate**™

A brighter world of sound

Explore **now**

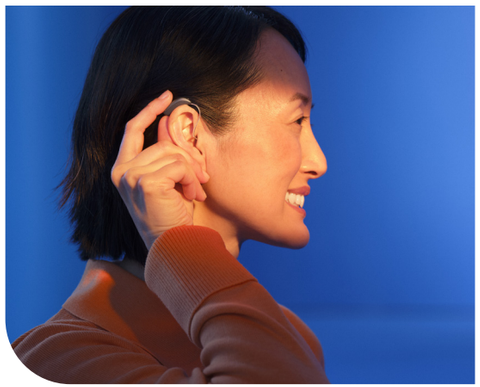

Experience sound in a **whole new light**

Beltone Illuminate focuses on the natural interplay between noise and speech. Powered by our latest AI and deep neural network (DNN) technology, these hearing aids create contrast and balance in your auditory world. Hear noise fade away, so you can listen and engage with ease.

Illuminate life

This is a lightbulb moment in your hearing journey. Beltone Illuminate lets you experience each day with exceptional clarity in noisy and quiet moments – automatically, without a second thought.

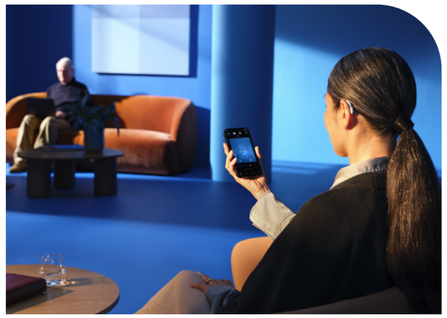

Styles that feel natural to wear

Our small, all-weatherproof* hearing aids for mild to profound hearing loss deliver the all-day comfort users prefer, and in options to suit your preference and lifestyle.

The all-day power you need

Get up to 24 hours of power – even while streaming – with rechargeable hearing aids that charge just like any other smart device.

Connect with Auracast™ now

Beltone Illuminate delivers the clearest streamed sound* with Bluetooth® Low Energy (LE) Audio and Auracast* right to your ears. Connect now to enjoy music, movies, podcasts and more, at home or away with just a tap in the Beltone HearMax™ app.

TRUE DIRECTIONALITY

Three sources of clarity. **One brighter way to hear**

Experience greater speech understanding in the noisiest situations. Our AI hearing technologies work in harmony to make voices and conversations easier to follow.

AcoustIQ™

Responds to your surroundings instantly

Enjoy your best hearing in everyday situations. Beltone Illuminate accurately senses your sound environment and uses the right features at the right time, so you can listen to what matters to you.

4-mic **Beamforming**

Follows your focus for the clearest speech

Our hearing aids are built on a central idea: where you focus is what's illuminated. This helps you engage with what you care about, from one to one chats to group conversations.

DNN **Denoising**

Effortless listening even in noise

When moments get louder, our AI technology zooms in on speech and tones down noise for a calming boost of clarity that brings you relief. Enjoy conversations with less strain, listening effort and mental fatigue.
