Discover the future of hearing

New ways to hear and be heard

Ultra-small hearing aids made for Auracast™

Empower your clients to be a central part of life's conversations and hear again automatically with Danavox Brisa™. Our latest hearing aids give a top-rated hearing-in-noise experience, and they also connect with Bluetooth® Low Energy (LE) Audio and Auracast broadcast audio, the new global Bluetooth experience and assistive listening technology.

Choose from our full range of ultra-small and comfortable styles for all hearing needs.

Future-ready connectivity benefits

- Danavox Brisa connects to Bluetooth LE Audio and Auracast, offering the clearest streamed sound with the lowest latency and battery consumption for all-day streaming[1]
- The hearing aids also enable hands-free calls from iPhone, iPad and compatible Android™ mobile devices*
- The new TV-Streamer+ supports Auracast, connects easily and improves speech understanding when listening to sound streamed from the TV[2]

*Hands-free calls are compatible with iPhone 11 or later, iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), iPad mini (6th generation), iPad (10th generation) or later, with software updates iOS 15.3 and iPadOS 15.3 or later.
Hands-free calls are compatible with mobile devices with Bluetooth 5.3 or later.

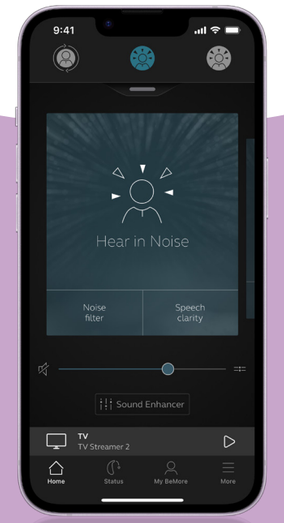

A full range of styles

- The ultra-small rechargeable microRIE, BTEs, and customs – select the best for each client
- Support single-sided deafness with the new wireless RIE CROS[3]
- Crafted to give the best possible ergonomics and mechanics, optimising microphone performance and on-ear comfort
- All-day power from a quick recharge
- IP68-rated, all-weatherproof designs
- TapControl** for easy call pick-up

The best start to hearing

- Use the new onboarding profile to give a comfortable and easy first fit
- Give your clients personal guidance with our new onboarding reports
